To All FIMMDA Members/ Non-Members

Madam / Sir,

Training Programme – Fixed Income Derivatives- for members and non-members 09th – 10th May, 2024 (Thursday - Friday) (IN PERSON)

FIMMDA had launched virtual training programs as a result of severe restrictions imposed on movement and strict maintenance of social distancing by the Government on account of the Covid-19 pandemic. The virtual training programs have been accepted very well by the markets & we have trained more than 475 people through the virtual platform also.

FIMMDA is pleased to announce resuming offline physical trainings (**IN PERSON**) at its office in co-ordination with Dun & Bradstreet Information Services (India) Pvt Ltd from the current Financial Year.

A two-day training programme on “Fixed Income Derivatives” will be held on **09th – 10th May, 2024** at FIMMDA’s Office.

The program is meant for junior officials working in the Treasury Departments (Front/Back Offices), who are not aware of Derivatives, and the products traded in the Indian markets. The program-objective is to equip the officials with the basic knowledge on derivatives with a view to create sufficient awareness to start handling the products after actual hands-on training in the desk. As we are looking to impart this training at a subsidized rate to junior and middle management officials of the Treasury Departments, institutions may nominate fresh recruits in these departments, if they so desire.

We also request that this program be used to impart knowledge on Derivatives to your institution's **Concurrent Auditors, Internal Auditors and Statutory Auditors** engaged in Treasury Audits, as it would be useful for them to examine the books in a more thorough and knowledgeable manner.

The brief details of the program are as under:
